## What is B.Voc (Bachelor of Vocational Education)?

Vocational or skill-based education is becoming more and more significant with passing time. BVoc (Bachelor of Vocation) is an emerging course in India that aims at providing adequate skills required for a particular trade to candidates. The course is different from traditional academic programmes as it deals more with application-based studies rather than focusing on only theoretical knowledge.

BVoc is a three-year duration undergraduate course that can be pursued in a wide range of fields starting from healthcare, Engineering, food technology and hospitality to creative fields like graphic designing and beauty & wellness.

Three Years Degree Course (B-Voc) ( <b>Bachelor of Vocational</b> )	
Course Name	Intake
Refrigeration & Air-conditioning	30
Automobile Servicing	30
Software Development	30
Electronics Manufacturing Services	30

**One of the biggest advantages of pursuing BVoc against common degree courses is that a candidate has multiple exit points during the programme and continued industry exposure.**

This means that if a candidate is unable to complete his/ her BVoc course, s/he has is still awarded a diploma after successful completion of first year or advanced diploma after successful completion of second year. Apart from this, the work experience candidates gain during the course increases their chances of getting a job.

We have tie-up with different industries for B-Voc courses. Students will be adopt the skill the related sector as he got an opportunity of on job training.

**A BVoc programme aims at imparting education that builds specific job skills in students, so that they can serve the industries better. After completing a degree or diploma in BVoc candidates can start working in their chosen field immediately.**
