EVENT REPORT			

Name of Event: Expert lecture on "IoT for Project Based Learning (PBL)"

Date of Event: 22/02/2024

Organized By: Department of Information Technology

Time of event: 10.00 AM

Name of Event Coordinators: Prof. Kiran M. Ghate

Name of resource Person/ Speaker (If Applicable): Mr. Dishank Shekokare

Target of Audience: Students of SE IT Department

Brief Introduction of Resource Person/Speaker (If Applicable): Mr. Dishank Shekokare is Third Year student of Aanatrao Pawar College of Engineering and Research Pune.

Brief Description of Event:

Mr. Dishank Shekokare, a dedicated third-year student with a passion for IoT (Internet of Things) technology, took it upon himself to mentor his juniors in crafting compelling projects for their Project Based Learning (PBL) course. This initiative was not just about sharing knowledge but about instilling a deeper understanding of how IoT can be applied practically to solve real-world challenges.

The session, led by Mr. Shekokare, unfolded with an air of enthusiasm and purpose as he delved into the intricacies of IoT project development. Drawing from his own experiences and successes, he articulated a roadmap that would guide his fellow students through the complexities of selecting, designing, and executing IoT projects.

Central to Mr. Shekokare's discourse was the critical need to choose IoT applications that resonate with current societal needs. He stressed that the essence of a successful IoT project lies not just in technical prowess but in its relevance and potential impact. "Understanding the problem you're trying to solve is

EVENT REPORT			

key," he emphasized, "IoT is about connecting devices to gather meaningful data that can drive informed decisions and improve efficiency."

With this foundational understanding established, Mr. Shekokare meticulously navigated through the components essential to an IoT project. He discussed the importance of sensor selection based on project requirements, elucidated on data processing methodologies suitable for different IoT applications, and elucidated on the intricacies of integrating IoT systems with cloud platforms for robust data storage, analysis, and visualization.

The session wasn't just theoretical; Mr. Shekokare supplemented his teachings with practical insights and demonstrations. He showcased prototypes he had worked on, illustrating the evolution of ideas into tangible IoT solutions. These demonstrations not only brought the concepts to life but also highlighted the iterative nature of IoT project development, where testing, refining, and adapting are constant processes.

One of the most poignant aspects of Mr. Shekokare's mentorship was his transparency about the challenges inherent in IoT projects. He candidly shared his encounters with hardware limitations, compatibility issues between software and hardware components, and the rigorous debugging processes that are often necessary to achieve operational efficiency. "Failure is part of the journey," he reassured his audience, "learning from mistakes and persisting through challenges are what ultimately lead to breakthroughs."

Beyond technical skills, Mr. Shekokare underscored the importance of teamwork and effective communication in project management. He emphasized that successful IoT projects require collaboration among multidisciplinary teams, where each member brings unique strengths to the table. Through

anecdotes and examples, he demonstrated how fostering an environment of open communication and mutual respect enhances creativity and problem-solving capabilities within a team.

Mr. Dishank Shekokare's session on IoT project development for PBL was not just an educational experience but a transformative one. It equipped students with the practical skills and strategic insights necessary to embark on their own IoT journeys confidently. His dedication, expertise, and genuine passion for IoT technology inspired a new wave of innovators, poised to make meaningful contributions to the world through their IoT projects.

SPEAKER FEEDBACK

Name of Event "Expert Session on IoT for Project Based Learning (PBL)"

Date: 22/02/2024DD/MM/YYYY

Please indicate the extent to which you agree with the following statements:

Excellent (5) Very Good (4) Good (3) Average (2) Poor (1)

1. Facilities to conduct the workshop are

Excellent	Very Good	Good	Average	Poor
✓				

2. You are likely conduct more seminars/workshops with us in the future,

Strongly agree	Somewhat Agree	Neutral	Disagree	Strongly Disagree
	✓			

3. Overall how would you rate participants of the seminar/workshop?

Excellent	Very Good	Good	Average	Poor
	✓			

4. How organized was the event?

Extremely organized	Very organized	Somewhat organized	Not so organized	Not at all organized
	✓			

5. Do you think the event met its goals?

Strongly agree	Somewhat Agree	Neutral	Disagree	Strongly Disagree
		✓		

Suggestions and Comments:

Would strongly suggest students to follow along with the speaker.

Shreyas

Notice for Students			

Department: Information Technology

Dear Students,

All the students of Second year Information Technology students are hereby informed that, Expert session on “IoT for Project Based Learning (PBL)” is scheduled on,

Date: 22/02/2024

Time: 10:00 AM

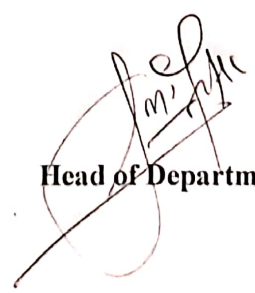

Venue: Classroom 306

Attendance is mandatory for all the students.

Date: 20/2/2024

Class teacher

Head of Department
